# Queen Leigh

Queen Leigh Davy

Leigh is a member of the Marching and Symphonic Band. She has been the vice president of her class for four years and served on the homecoming committee. Leigh has been a member of the Spanish Club and has traveled to Spain. She has been a member of the Girl's Varsity Basketball team for four years and captain for two years. Leigh was 1st team Tri-Valley League for two years. She was also All-area honorable mention for two years and All-area 2nd team and MVP for two years. Leigh has been a member of the Varsity Softball team for two years and was 1st team Central Michigan League and Honorable mention Tri-Valley League.

Leigh has enjoyed her high-school years and has learned a lot from them. She has learned how to get along well with others, and also to work hard for whatever it is you want. "One of the most important things I have learned is not to give up, no matter how tough things are!"

## Through The Week

K. Sommers takes time out to smile at the camera.

The week of October 1-5 was devoted to Spirit Week. Special days were Hippy Day, Dress Up and Parent Dress Day and Friday was the traditional Green and White Day.

J. Luesing and S. Erskine are friends forever.

T. Reisinger shows her work of art.

N. Smith and J. Smith singing their hearts out

The two senior court members.

# A Queen For The Season

K. Nurnberg, J. Day and H. Fischer waiting anxiously.

Tuesday of Homecoming week, the week of the first thru fifth of October, was devoted to the queens Assembly. Everyone was anxious to know which candidate would be selected from the students. The winner was Leigh Davy.

When the time came for the queen to be announced, everyone was very anxious. N. Smith and J. Smith sang "I Don't Know Much", Then the queen was announced. C. Couchi sang "Wind Beneath My Wings". After, J. Luesing sang "Have You Seen Her".

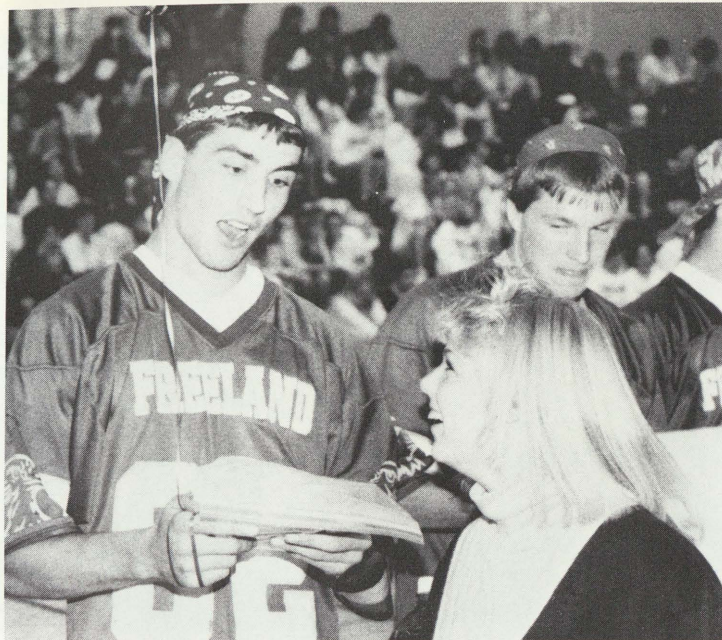

H. Robishaw escorted by M. Henry.

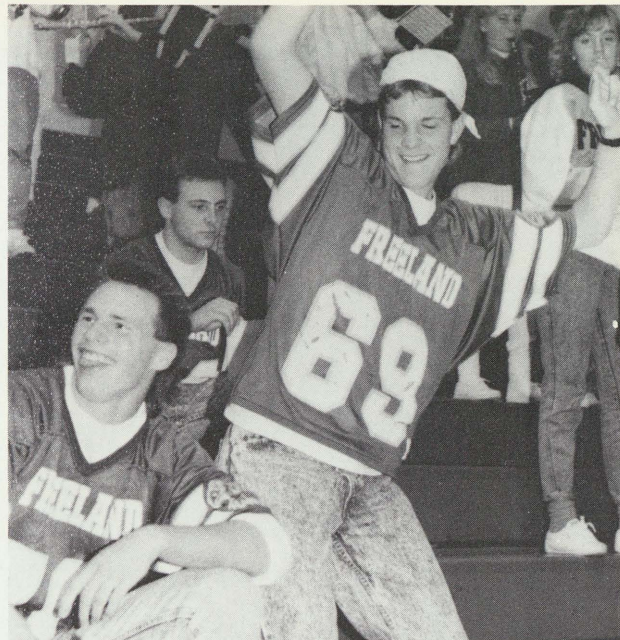

A congratulations hug.

Surprise!!

YEAH!!

## Off To A Peppy Start

The Football Team strutten their stuff.

How do you do this?

Excuse me!?!

Catchin' on.

Mr. Orr — Superintendent

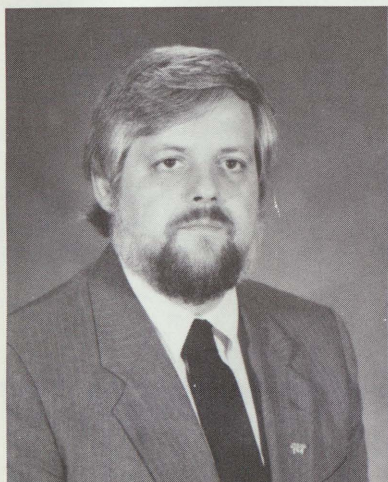

Mrs. Sandborn — Assistant Superintendent

Mr. Richardson — Principal

Being the new kid on the block, so to speak, I find Freeland Junior Senior High School to be an exciting place. The students and staff are receptive to ideas and carry out projects which I only dreamed of in other places. While it is always nice to have a winning football team, I can't help but think that the excitement of the fall would have been there even with a losing team. The pride in this school is overwhelming and greatly appreciated. I feel we have a lot to be proud of and I am extremely proud to represent Freeland as your principal.

#### Freeland gridders smart, too

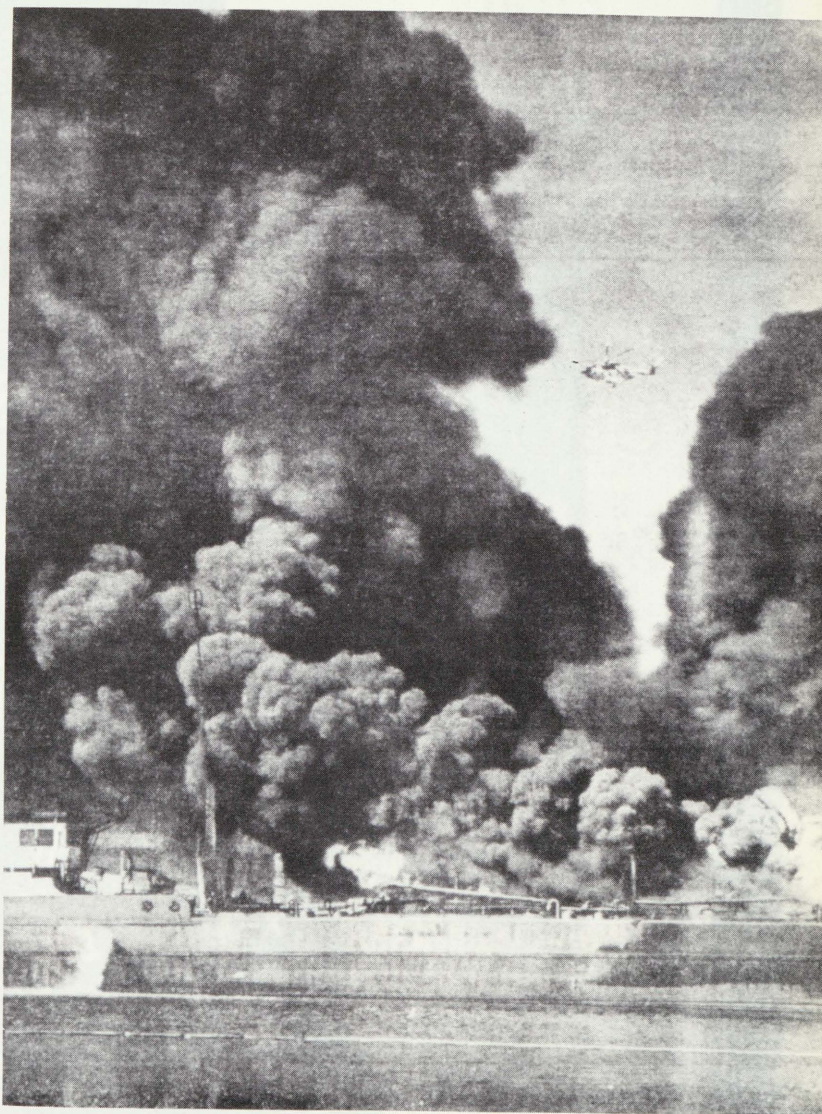

This is for those of you who are tired of professional athletes in trouble, in jail, in drug rehabilitation centers, intoxicated, or insufferable.

This is for folks who cringe when reading about college players who take money too early, get to class too late, but are always on time for practice.

It's for fans who chuckle when they see the "Student-athlete of the week" featured in a 10-second spot during a nationally televised football game.

This is a story about good kids who have a good outlook on life and a good plan to get there.

It's about a team that could fill a half hour with student-athletes of the week if it was on national television.

The MV Jupiter made nationwide headlines on Sept. 16 when the tanker exploded on the Saginaw River in Bay City. One crewman died in the inferno.

### Fashion Army

The chic can sleep soundly tonight, knowing that the generals of style have gone to full alert. On fashion's front line, the mood is distinctly military. In Paris, Chanel's **Karl Lagerfeld** has whipped up a corps of coats and jackets with bright brass buttons and martial bearing. Says he: "I wanted to create a military look for an army of peace." In the U.S. designer **Andre Van Pier** exults that "patriotism is in." He has put his hand to an entire line of camouflage clothing that would send a quartermaster reeling in disbelief. And in those colors, where could you hide?

## People

### Thrice Spoken

**Sinéad O'Connor** likes speaking out almost as much as singing. She skipped a *Saturday Night Live* show to boycott comedian Andrew Dice Clay and refused to have the *The Star-Spangled Banner* played before a concert. Now she's decided to skip next week's Grammy Awards. Her reason this time: to protest the gulf war and society's "misguided materialism." "Artists are afraid that speaking out will hurt their careers," says the Irish singer. "I

want to prove that there is nothing that can harm you when you speak the truth."

# First Regional Title Ever.

S. Sanford Kicks off.

The 1990 football team, which finished the season 10-2, had the best record of any football team in the history of Freeland High School. The team finished the regular season as the Tri-Valley West Champions with an 8-1 record, their only loss being a heartbreaking one point loss to Shepherd. At the conclusion of the regular season, the Falcons advanced to the playoffs.

The Falcons came out victorious in their pre-regional game with an exciting 20-19 win over Grayling in the last 26 seconds of the game.

The following week, the team's 34-35 loss to Shepherd was avenged in the regional final. The Falcons came out on top with a 28-8 victory. This made the Falcons the Region 1 Champs.

The final game of the 1990 season came on November 17 in the semi-final round of play-off action. The team lost this game to Muskegon Oakridge, 49-14.

The Falcons had an outstanding season and a team with a tremendous amount of talent. Congratulations to the football team on their winning season.

Time Out!

Participating in Basketball for ten years has taught me many things. You have to be a very strong individual, as well as a good team player. This is achieved by months of hard practice and aching muscles. By setting goals and striving to achieve them can only make you a better player and a successful person throughout life. I accomplished all my goals this year and had the best season ever. Playing sports for Freeland has to be one of the greatest things I could of chose to do for my school years.

Thank You,

The 1990 season was a highly successful one for both the Varsity and J.V. team. Both teams finished the season with 7-3 records. The Varsity was undefeated TVC West Division Champions and came within one point of being overall TVC champs. The Varsity was also regional champs qualifying to go to the state finals. Many of the golfers received post season honors. Although the team will graduate five seniors, we still have a very bright future with 11 underclassmen returning in the fall.

A typical day — Can't get the locker open, I'm going to be late for class again. Is there someone who can help me? "Mr. Richardson, can you help me?" How come the locker is always a mess and it is only yours that sticks?

Ooops, have to run to History class. Now was it today or tomorrow I had a test? Of course it was today, how could I forget for the fourth time in a row? I guess it must be what's called selective memory, we read about that in psychology. Now that I think about it, I guess I've got all of the symptoms. Hmm, let's see, was Lincoln the first American President or not? Let's try a "True this time. I hope I will pass, please let me get at least a C. At least it is only one more until lunch. Parent/Childhood Development class is waiting.

Are you serious? Do we really have to do breathing exercises? I'm not pregnant. Well, let's try it. Breathe in, out, one, two three . . . O.K. I think I've got it.

O.K. now lunch, rush to your locker and try to get the books in without all of the other ones falling out on you.

Delicious hamburgers and fries for lunch. Where is the real food? I suppose I should study for my next test. I guess I could use the coin method. Heads — True, Tails — False. I think that's the way I'll do it. Now let's listen to American dirty jokes at the lunch table.

One hour and too many hard questions later, I have the feeling that the famous coin method didn't work. Oh well, I'll make it up on the next test. When did he say that was again? . . . On to last hour, what can go wrong? . . . and then I'd like the exchange student to come up and give a little speech. Who, Me? I don't know what to say! I suppose I'll start from the beginning. After twenty minutes, everyone looks confused and I guess I lost them a long time ago.

I'm Sari Kerttula from Havinka, Finland. I'm an exchange student in Freeland High School for the year. I'm also going to graduate here even though I still have two years to go when I go home.

I always wanted to be an exchange and learn the language and also something about the culture. I like traveling a lot and I'm glad I have had the chance to travel in U.S. too. I was in Freeland Gymnastics Team so I've seen a great deal of Michigan too.

## Our 1991

Eva and Sari — Friends Forever!!

My name is Eva Wiklund and I'm an exchange student in the class of '91 here in Freeland. When I first came, I didn't know what this year was going to be like and how much different it would be from my home in Sweden. Now I know that this is an experience that I would not like to have undone. I've stayed in a great family who I have become very fond of, and who will be in my mind until we meet again. I know that everything I've learned will be a great use during the rest of my time in school and life. I want to say thank you to all the people who were part of my year here in U.S.A. especially the Wilder family. They made my year exciting and educational. They did a wonderful job putting up with me for ten months. Good luck everybody, and stay cool!

The students are able to attend the Ford Theater and meet with students from all over the world. They also tour the Library of Congress, the Supreme Court and the Smithsonian. They had speakers from various governmental offices and outside agencies that work with the government, briefing them on foreign affairs, domestic issues, national security and much more.

May 17th was the date for the 1991 Senior Banquet. It was held in the cafeteria at the high school for the first time. It was an all night affair with the theme being "LUAU." The room was decorated like the South Seas complete with palm trees and an ocean view. Dinner was roast pig complete with an apple in its mouth. The Senior Poll was read and a bonfire was lit while the Seniors played games and watched the Pistons. The party broke up about 6:30 the next morning. It was a great time for all.

# When school's out, these seniors really go to work.

And that's because they're part of the Michigan Division Co-op Program, where they are expanding their high school education through real work experience in career areas of interest.

At Dow, we feel that education is important to personal growth and success. That's why we support educational programs and opportunities both inside and outside of school. The Co-op Program benefits everyone involved ... students, educators, and the Michigan Division.

We understand that the future depends on quality education and talented individuals. And we value the opportunity to meet and work with these students as they prepare for the future.
